Snap Track Grounding Clamps

- UL Classified
- Two sided for a wide range of cable sizes
- 3/8" bolt with a ribbed neck & recessed head prevents rotation when tightened in a .440" hole.

Ground Clamps

| STCTG250 | 2” | 1.13” | 1.95” |

Installation Guideline:
DO NOT connect bare copper conductors to Aluminum Cable Tray.

Note: Refer to NEC Table 250-122 for appropriate sized ground conductors. See Section 5.52.
